Certified

Life Time Member of
The Biotechnology
Research Society, India

BIOTECHNOLOGY

To produce global competent scientists by providing excellent training in biotechnology research with quality infrastructure and innovative solutions to serve the society with good academic commitment.

CIVIL ENGINEERING

To create, disseminate and integrate knowledge of civil engineering for the betterment of society. To develop skills among students and faculty by identifying potentials and knowledge through innovative research for challenging applications in civil engineering.

UG B.E - Computer Science and Engineering

PG M.E - Computer Science and Engineering

COMPUTER SCIENCE AND ENGINEERING

To encourage the students on scientific and technological skills and qualifying them to update and adopt modern Technologies. To produce highly qualified professionals with wide knowledge horizon and comprehensive & integrated managerial personality.

UG B.E - Electronics and Communication Engineering

PG M.E - Applied Electronics

ELECTRONICS AND COMMUNICATION ENGINEERING

ECE department attributes in creating leaders with technical skills, discipline with quality values and culture to do research and to contribute the society with human values and integrity.

ELECTRICAL AND ELECTRONICS ENGINEERING

To provide strong theoretical foundation, practical skills, professional conduct critical thinking and to create Engineers for meeting the current and future demands of our nation and the world.

MECHANICAL ENGINEERING

UG B.E - Mechanical Engineering

PG M.E – Engineering Design
M.E – Industrial Safety Engineering

The Mechanical Engineering Department strives to be recognized globally for outstanding education and research leading to well-qualified engineers, who are innovative, entrepreneurial and successful in advanced fields of engineering and research.

MASTER OF BUSINESS ADMINISTRATION

It was established with the purpose of nurturing the management and professional skills among the rural background students. It offers a well balanced curriculum and co-curriculum activities to the students.

Products Developed by our Students

A Mechanism for Reutilization of Brake Power in Vehicles (Den Ro Ma-tech)

A novel method of producing electricity by trapping photon energy from light sources

Wooden Texture Concrete Chair

Zig-Bee Robot Control

Automatic Feeder System for Poultry Farm

System for generation of electricity using movement of vehicles

HOSTEL

The Selvam College of Technology is a prestigious institution in our country, which provides accommodation to the students wishing to reside in the hostels. Each hostel is an independent unit in respects to its internal administration under the overall supervision of council of wardens and the hostel management. The hostels are located in the western side and adjacent to the college campus and have a separate hostel office and mess within the hostel premises. The mess has a centralized modern kitchen and a separate dining hall for boys and girls. Special menu will be introduced and served in the mess on all important religious festivals.

Hostel celebrates almost all festivals celebrated across the country such as Independence day, holi, diwali, lakshmi, saraswathi and ganesha festivals etc. Every year hostel day showcases not only organizational abilities, but also active participation of all the hostelites in recreational, cultural, literary and social activities of the hostelites, who hail from various parts of the globe.
